**DATE:** April 11, 2006

**SUBJECT:** Hearing to Approve a Gas Pipeline Ordinance Extension

## Recommendation

It is our recommendation that your Honorable Board adopt the attached Ordinance which extends County Ordinance No. 301, Southern California Gas Company's pipeline franchise, for one year.

## Discussion

Ordinance No. 301 was granted to Pacific Lighting Gas Supply Company, on February 7, 1955. The Ordinance allows Southern California Gas Company the right to operate a gas pipeline franchise within the County. A one-year extension granted last year expired on February 7, 2006. The Public Works Department is requesting a second, one-year extension of this ordinance. This extension will allow County staff and Gas Company representatives to produce the appropriate renewal documents. In addition to the County Ordinance, the California's Public Utilities Code chapter, referred to as the Franchise Act of 1937, gives guidance on the process.

## Other Agency Involvement/Impact

County Counsel reviewed the extension ordinance.

## Financial Considerations

There are no financial considerations associated with this one year extension. Annual franchise fees from Southern California Gas currently total approximately \$75,000 per year, and that amount will not be impacted by the recommended action.

CG

## **Results**

The adoption of this ordinance will lead to a well-governed safe community through the development of appropriate franchise agreements.
